About Us

Floyd Toulet

Before writing for the stage, Floyd worked for over twenty years as a freelance advertising copywriter. As well as DM, press, television and radio, Floyd has contributed to a wide variety of online magazines and digital forums.

Recent theatre work includes the internationally broadcast SNARED and V&A recognised KNOCK KNOCK.

Jan Drew

In addition to her skill as a director, Jan's previous experience as a singer, performer and technical 'doer', means that there is no one better placed to lift the words off the page and onto the stage with flair and imagination. This professional debut has been long overdue.

The Cast

Jimmy Dean

This is Jimmy's first role in a professional production. However his remarkable natural ability and the truth he brings to the stage almost certainly means that it won't be his last. A passionate supporter of West Ham United, Jimmy compares the experience of live performance to that of playing football; a real team effort.

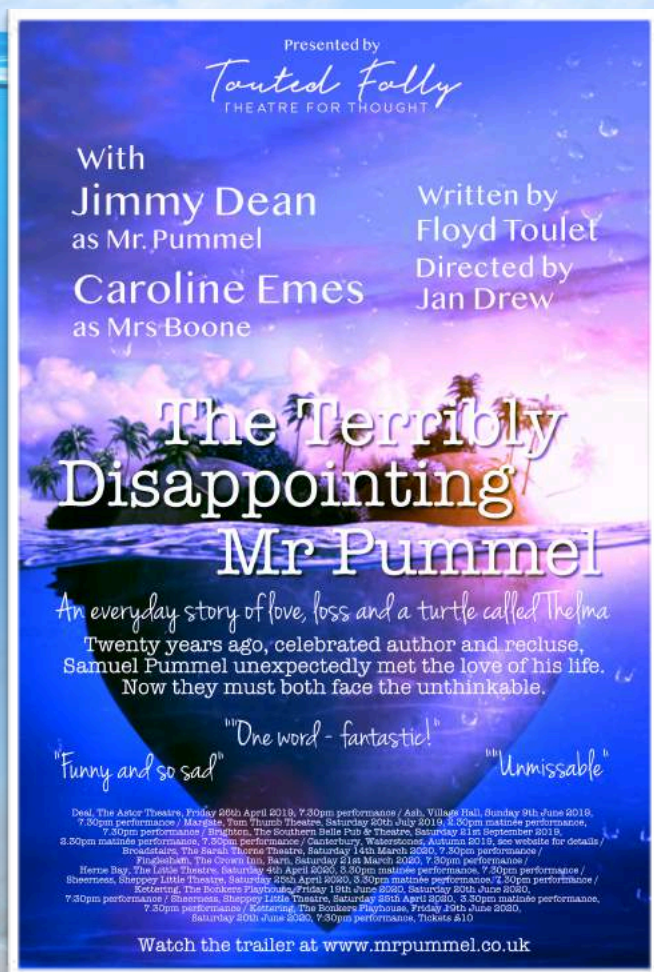

Caroline Emes

Caroline studied Drama and Theatre Studies at College in Ramsgate between 1985 and 1987 where she successfully performed lead roles in a number of productions including Dylan Thomas's 'Under Milkwood' and Eugene Ionesco's 'The Bald Primadonna'. Recent work includes make-up for and performances in a variety of projects including V&A accredited KNOCK KNOCK and productions by the Hare & Hounds Players.

The Production

A cast of two, a secluded beach on a Greek island and a story that spans twenty years, all help to make this original production both highly comic and deeply moving.
